**SUBSTITUTE NOMINATION BY MFS COMMUNICATIONS
COMPANY, INC. FOR MEMBERSHIP ON THE
NORTH AMERICAN NUMBERING COUNCIL**

Pursuant to FCC Public Notice, DA 95-1721, released August 9, 1995, MFS Communications Company, Inc. ("MFS") by its undersigned counsel hereby submits a revision to its application and nomination for membership to the North American Numbering Council ("NANC" or "Council"), filed with the Federal Communications Commission on September 14, 1995.

I. MFS' COMMITMENT TO THE NORTH AMERICAN NUMBERING COUNCIL

MFS believes that the NANC is going to play an integral role in ensuring robust competition in the nationwide telecommunications market. The equitable administration of the North American Numbering Plan is critical to the development of local competition. Since MFS offers local exchange service in more states than any other competitive local exchange carrier, its interests will be directly affected by the NANC's provision of a number administration program that is impartial and procompetitive. Due to the importance MFS places upon the activities of the NANC, MFS has committed resources to focus solely on numbering issues and has recently designated a Senior Manager who will be devoted to working on NANC matters.

II. MFS' NOMINATION FOR COUNCIL MEMBERSHIP

In its initial Application, MFS nominated Suzanne L. Yerdon for Council membership. Despite Ms. Yerdon's excellent qualifications, MFS would like to substitute Mr. Scot Lewis as the MFS nominee for Council membership. As the Senior Manager of Number Policy and Planning for MFS, Mr. Lewis will devote his time and efforts to numbering issues and will be readily available to work with the NANC. Like Ms. Yerdon, Mr. Lewis is highly qualified to represent the interests of MFS and its subsidiaries and brings with him over a decade of experience in telecommunications. MFS believes that the technical expertise of Mr. Lewis, in combination with his substantial experience with numbering issues, will serve as a great asset to the North American Numbering Council. His qualifications are detailed in Attachment A. Mr. Lewis may be contacted as follows:

ATTACHMENT A

Scot W. Lewis
Senior Manager, Number Policy and Planning
MFS Communications Company, Inc.

In his current position, Scot Lewis is responsible for representing MFS on numbering issues within the industry and before government agencies. Prior to this position, Scot spent two years performing national planning tasks for MFS Development, the company's corporate-level strategic planning unit. His duties in this capacity included market assessment, opportunity analysis, and business plan development. Scot was also responsible for managing MFS Development's database activities relating to switched network access lines as catalogued by North American Numbering Plan and switching entity attributes.

Prior to MFS, Scot spent six years with IBM in marketing and consulting where he specialized in voice and data telecommunications. During this time, Scot consulted for IBM's fourth-largest client and managed numerous multi-million dollar reengineering projects. As a result of these efforts, he was awarded IBM's Systems Engineering Symposium honor for outstanding performance. Scot's ten years of telecommunications experience began with two years at ROLM Corporation managing product support activities for the PhoneMail voice messaging system.

Scot graduated from Stanford University with an MS in Electrical Engineering and an AB with Distinction in Music. He is a member in good standing of the Tau Beta Pi national engineering honor society. Scot also received an MBA with High Honors from the University of Chicago's Graduate School of Business.

CERTIFICATE OF SERVICE

I hereby certify that on this 23rd day of October 1995 copies of the foregoing SUBSTITUTE NOMINATION BY MFS COMMUNICATIONS COMPANY, INC. FOR MEMBERSHIP ON THE NORTH AMERICAN NUMBERING COUNCIL were sent via Hand-Delivery to the parties on the attached service list.
